OUR MANUFACTURING SECRETS

werzalit®
since 1923.

Our tabletops are made 100% from recycled wood sourced from sustainably managed forests, providing an eco-friendly and durable solution. We mainly use wood species known for their stability, strength, and low moisture retention.

This lightweight and durable material, naturally resistant to climate variations, ensures products that are both strong and reliable, suitable for the most demanding environments.

We blend this wood with the ingredients of our unique recipe to create the base of our tabletop, called the 'cake'.

All you need to do then is choose a design from our collections or create your own to achieve the iconic tabletop **werzalit®**.

DESIGNS AND COLLECTIONS

werzalit®
since 1923.

Designed to meet the demands of the HoReCa sector, WERZALIT® collections offer tabletops that are robust, aesthetically pleasing, and durable. From molded laminate with the Classic and Bistro collections and customizable solutions, to the Compact HPL range, WERZALIT® provides reliable and elegant solutions for all dining spaces, indoors and outdoors.

All of our designs can be applied across the WERZALIT® ranges - Classic, Bistro, and HPL - with the possibility to customize each model to precisely meet your projects and brand identity.

TECHNICAL CHARACTERISTICS PERFORMER EXPRESS, PERFORMER, SPECIALS, POD, EASY PERSO, PERSO

ADVANTAGES

- A complete range
- Recognized for professional use
- A design that makes the difference
- Over 99.7% of bacteria are eliminated by simple cleaning with soapy water
- Robust and stable
- Weather and heat resistant
- Excellent resistance to humidity
- Indoor and outdoor use

MAINTENANCE

Alcohol-based solvent

No abrasives

Do not stack

WARNING

If the table tops are to be exposed to strong sunlight, we strongly recommend choosing light-colored decors.

Smooth Brass: 60x60 70x70 80x80

Stainless Steel and Copper: available on request

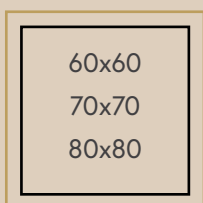

MARBRE DE GENES
BRASS RING
Ø 60
TRADITION 3B BASE

As our metal circles and frames are made from real brass, copper and stainless steel, they can react to their surrounding environment. As result, there can be oxidation that take place. We recommend that you maintain the metal circles and frames by cleaning regularly and using a product adapted to the specific material.

Our Bistro finish is available for all of our designs and the following sizes:

- Performer Express,
- Performer,
- Special,
- Perso & Easy Perso

With the skill and expertise of our technicians, we have perfected framing and banding techniques that lend WERZALIT® Bistro tables their unparalleled elegance.

werzalit® IS THE FIRST MANUFACTURER TO OFFER YOU A HIGH-QUALITY FRAMED SOLUTION.

FIXING SOLUTIONS

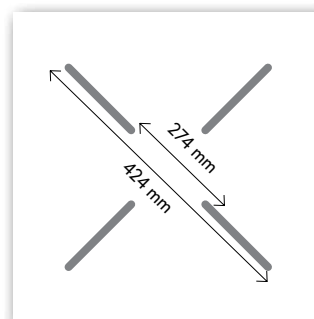

Fixation 1

Installation of inserts for M6 screw.
> Available for 10 mm and 12 mm HPL

Fixation 2

The secure mounting system, using milled grooves on one side, allows the tabletops to be attached to all conventional bases without drilling. Groove length 200 mm. Special screws required.
> Available only for 12 mm HPL.

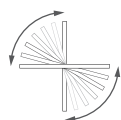

Fixation 3

The Eco fixing system consists of a 10 mm wide groove into which the legs are fixed using special M5x16 screws. Screws included.
> Available for 10 mm and 12 mm HPL.
